Clear in nose with big fruity character. Some notes to red fruits like the strawberry come out together with light notes to blackberry over a serious end, given by the complexity taken on during its short time in barrel.

Light notes to liquorice fulfil the elegant smelling phase, very loyal to the variety it comes from.

Frutos rojos como la fresa, junto con livianas notas de mora, sobre un fondo serio que le otorga la complejidad adquirida por su ligero paso por barrica. Ligeras notas de regaliz colman una elegante fase olfativa muy fiel al varietal del que procede.
